

**We All Do CIP**

**DoD Critical Infrastructure  
Protection Program**

**Financial Services Sector**

# What is CIP?

A faint, light gray silhouette of a soldier in full combat gear, including a helmet and carrying a rifle, is positioned on the left side of the slide. The soldier is facing right and appears to be in a walking or standing posture.

“...Tak[ing] all necessary measures to swiftly eliminate any significant vulnerability to both physical and cyber attacks on our critical infrastructure.” - President of the United States

# How We Do CIP

By Implementing a Process that Encompasses the Following Activities:

A faint, light gray silhouette of a soldier in full combat gear, including a helmet and carrying a rifle, is positioned on the left side of the slide. The soldier is facing right and appears to be in a walking or standing posture.

Analysis & Assessment

6 Activities of CIP

Remediation

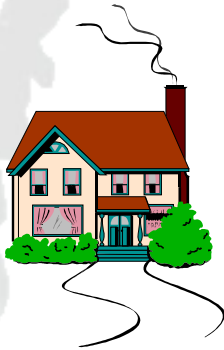

Monitoring & Reporting

Mitigation

Response

Reconstitution

Protecting Your

Home

- Reducing the Risks Associated with Vulnerabilities of Your Home and Taking Appropriate Actions to Respond to Undesirable Incidents.
- Possible Threats to Your Home
  - *Burglary*
  - Fire
  - Natural Disaster

# Analysis & Assessment

- Determine Susceptibility of Assets to Events that May Result in Loss or Damage of Assets
  - Identify Valuable Assets in Your Home
    - Grandma's Silver Collection
  - Assess Vulnerabilities of Your House Based on Architectural Information
    - Unsecured Windows & Doors for Burglar Access

# Remediation

- Take Precautionary Actions to Eliminate Known Vulnerabilities:
  - Install Locks on Windows & Doors
  - Install Burglar Alarm
  - Install Outdoor Lighting
  - Buy Pit Bull

- A Potential Incident is Determined to be ***Likely, Planned, or Underway.***
  - Police Issue Warnings of Heightened Larcenous Activity
  - A Prowler is Seen at Night in Your Neighborhood
  - Your Pit Bull Starts Barking at Night.

# Mitigation

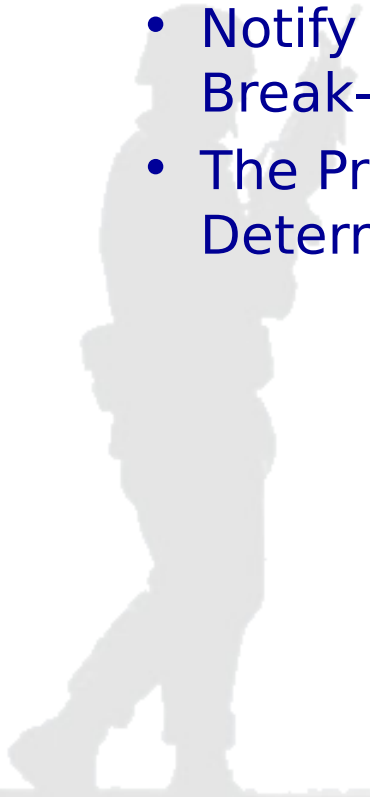

- Actions are Taken to Minimize Possible Adverse Effects Based on the Indications and Warnings.
  - Buy a Safe and Lock up Grandma's Silverware
  - Start a Neighborhood Watch Program

- Actions are Taken in Response to an Incident to Eliminate the Cause or Source of the Incident.
  - Notify Law Enforcement (e.g. Dial 911) of an In-Process Break-In
  - The Prowler is Captured or Stopped by Police or Other Deterrents

# Reconstitution

- Actions are Taken to Restore Lost or Damaged Assets Resulting from the Incident.
  - Replace Window Broken & Other Property Damaged During the Break-In
  - Return or Replace Any Silverware Taken by Prowler
